INTERIOR DOORS | HOSPITALITY | SHOWER ENCLOSURES

VELA

BY GENESI

Doors, materials, details

VELA by Genesi brings together interior doors, hospitality guestroom solutions and shower enclosures in a single collection. Surfaces, proportions and details work together to create entrances that complement the language of each interior. This catalogue presents the models, materials, handles, hardware, dimensions and construction sections.

INTERIOR DOORS / IN-01

Selva

PIVOT DOOR WITH BRONZE ACCENT | SMOKED OAK

IN-01

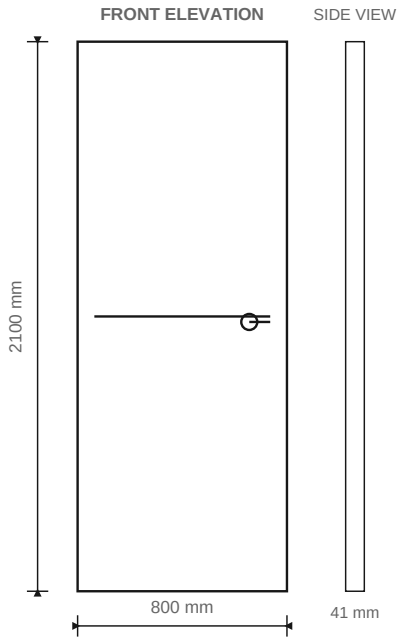
IN-01

Selva

Selva pairs a smoked oak surface with a clean, pivot-opening design. A slim bronze line adds a discreet accent and highlights the door composition. The result is a material presence designed for contemporary interiors.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-02

Alba

HINGED DOOR | IVORY LACQUER

IN-02

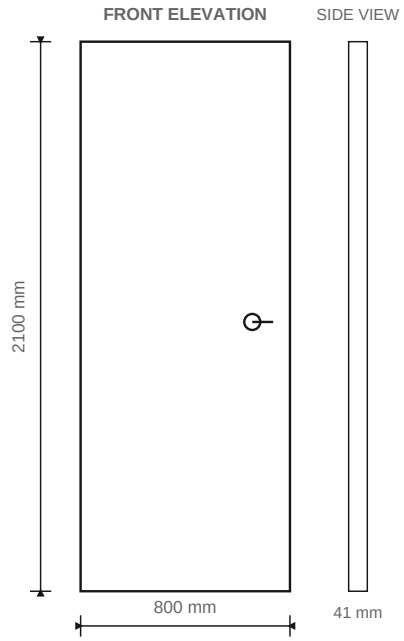
IN-02

Alba

Alba features a smooth ivory-lacquered surface with a calm, luminous appearance. Its even finish works naturally with walls, floors and furnishings. The hinged door retains a clean, understated profile.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-03

Righe

VERTICAL SLATS | NATURAL OAK

IN-03

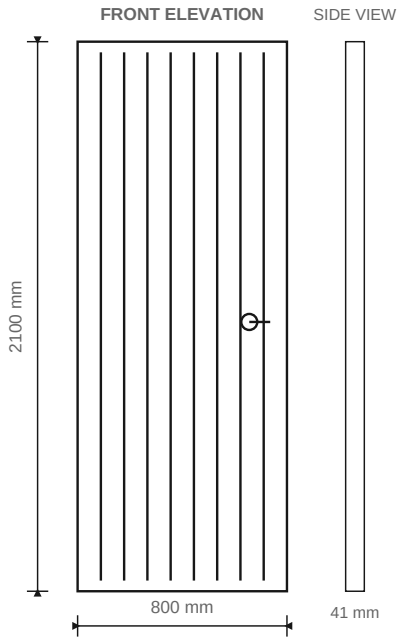
IN-03

Righe

Righe is defined by natural oak and a surface of vertical slats. The regular rhythm adds depth to the panel and emphasises its height. The natural wood tone keeps the material at the centre of the design.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-04

Terra

DOUBLE DOOR | TERRACOTTA

IN-04

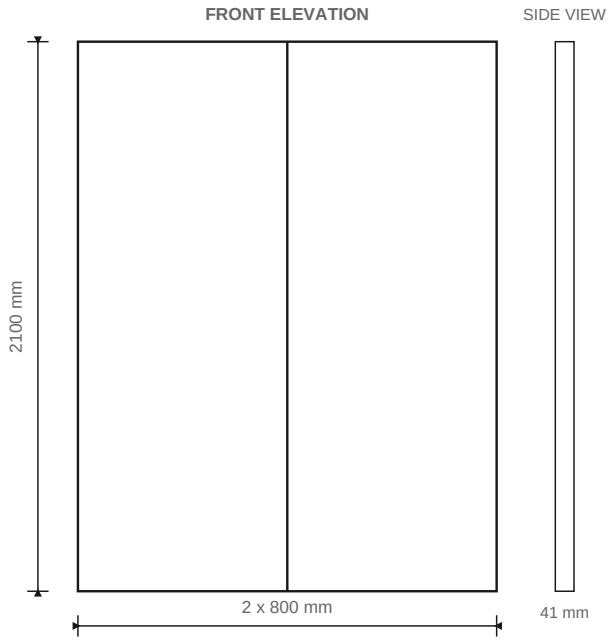
IN-04

Terra

Terra frames the opening with a double-leaf composition in a terracotta finish. Its colour clearly defines the passage and creates a focal point in the room. The two leaves form a balanced architectural composition.

DIMENSIONS

W 2 x 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-05

Ombra

FLUTED SURFACE | DARK OAK

IN-05

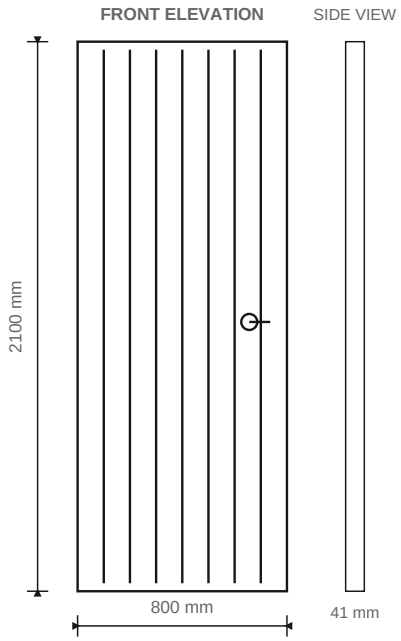
IN-05

Ombra

Ombra combines dark oak with a fluted surface that alternates fine ridges and soft shadows. The vertical texture gives the panel depth without additional ornament. The handle and metal details complete the design with measured contrast.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-06

Quadro

GEOMETRIC PANELS | LIGHT OAK

IN-06

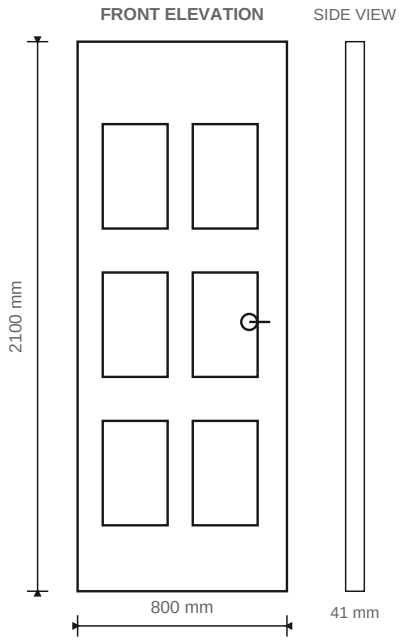
IN-06

Quadro

Quadro interprets light oak through a composition of geometric panels. Recessed frames create an orderly rhythm and give the door a classic presence in a pared-back form. The light tone keeps the panel design clear.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-07

Metallo

PIVOT DOOR | SATIN BRONZE

IN-07

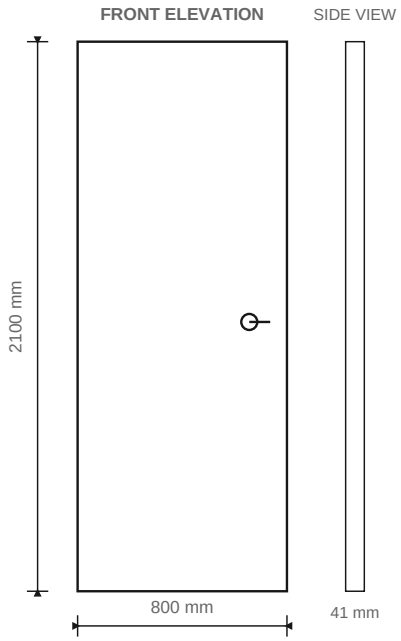
IN-07

Metallo

Metallo highlights a continuous surface in satin bronze. The pivot opening treats the panel as an architectural element and makes the passage gesture clear. Its metallic tone pairs naturally with warm materials and dark surfaces.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-08

Cristallo

BRONZE FRAME | REEDED GLASS

IN-08

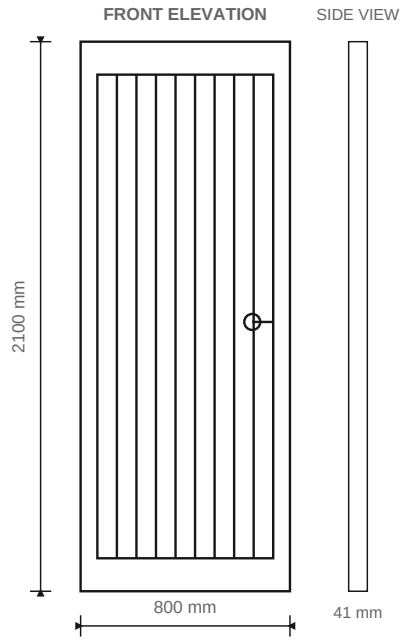
IN-08

Cristallo

Cristallo combines reeded glass with a bronze frame. The vertical texture filters views and diffuses light, while the metal profile defines the door perimeter. The result is a light visual separation between spaces.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-09

Seta

SLIDING DOOR | WHITE LACQUER

IN-09

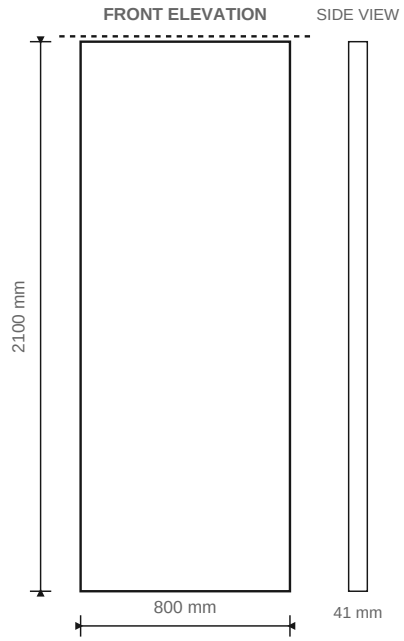
IN-09

Seta

Seta is a sliding door with a white-lacquered surface and minimal lines. The panel integrates discreetly with the walls and maintains a continuous reading of the space. Its pull is coordinated with the clean design.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm



INTERIOR DOORS / IN-10

Bruma

PIVOT DOOR WITH INTEGRATED PULL | GREIGE

IN-10

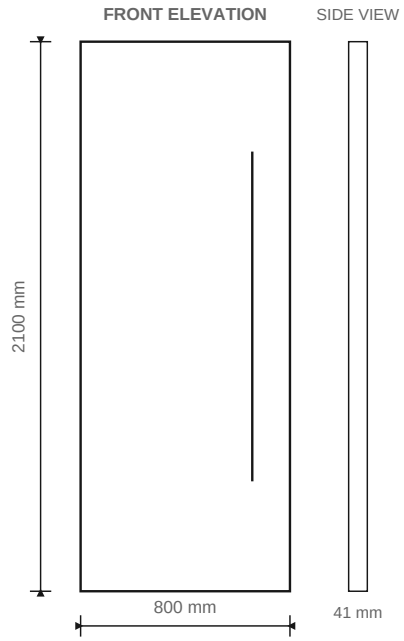
IN-10

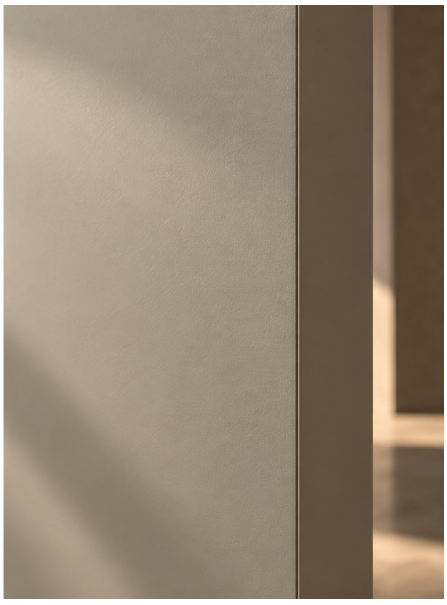
Bruma

Bruma pairs a greige tone with a pivot opening and an integrated pull. The uniform surface lets the door profile and functional detail stand out without projecting elements. Its neutral palette suits contemporary interiors.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 41 mm





HOSPITALITY DOORS / HT-01

Senso

OPTIONAL RFID READER | WALNUT

HT-01

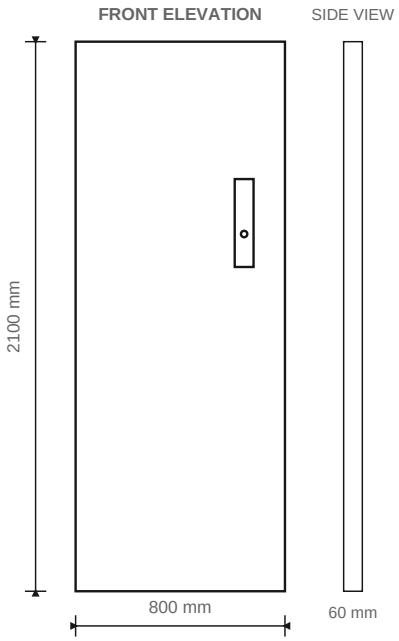
HT-01

Senso

Senso presents walnut with a bronze inlay and an RFID reader integrated into the composition. The door gives the guestroom entrance a distinct identity while coordinating the panel and metal details. The configuration is designed for hospitality interiors.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-02

Oliva

ACCESS CONTROL | OLIVE GREEN

HT-02

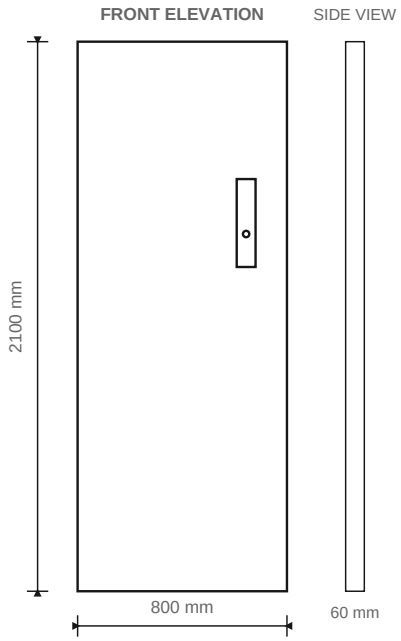
HT-02

Oliva

Oliva introduces an olive-green surface with a linear design and dark hardware. Its colour distinguishes the guestroom entrance without weighing down the corridor. Access details are integrated into the panel.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-03

Arenaria

ACCESS CONTROL | LIGHT OAK

HT-03

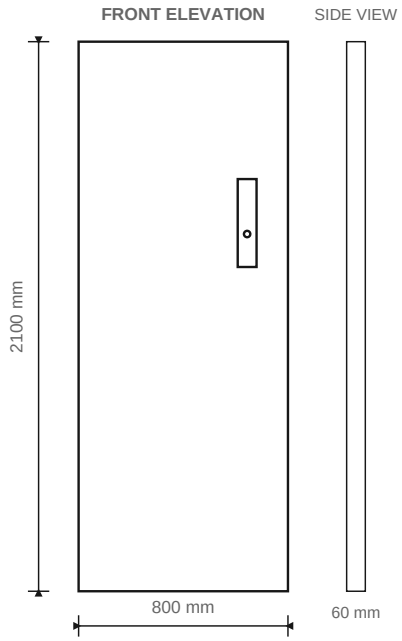
HT-03

Arenaria

Arenaria pairs light oak with a pared-back guestroom door design. The wood grain brings warmth to hospitality spaces, while the orderly composition works with neutral finishes. The access detail is integrated into the surface.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-04

Bronzo

HORIZONTAL INLAY | ESPRESSO OAK

HT-04

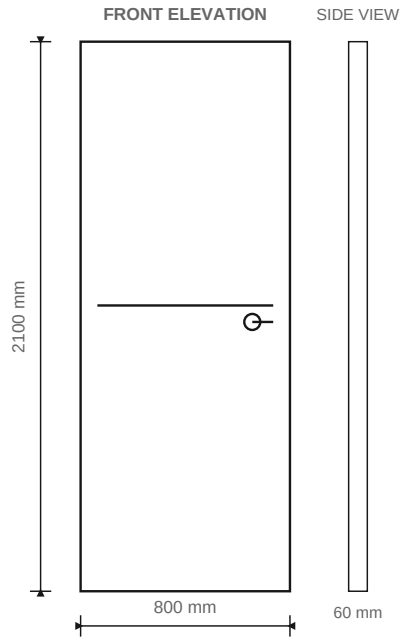
HT-04

Bronzo

Bronzo combines espresso oak with a horizontal bronze inlay. The metal line crosses the panel and organises its composition with a clear contrast. The dark tone gives the entrance a confident character.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-05

Avena

SLIM INLAY | IVORY

HT-05

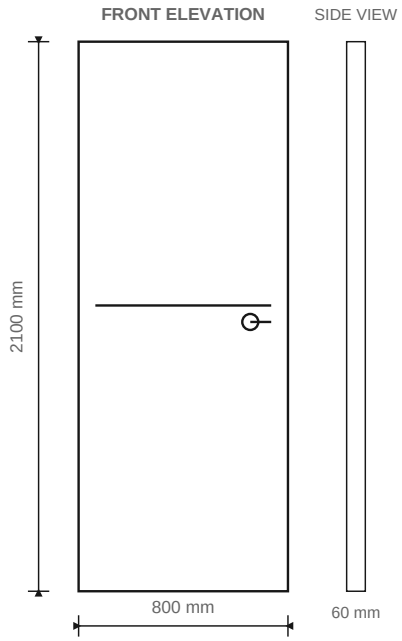
HT-05

Avena

Avena features an ivory surface crossed by a slim inlay. This detail adds controlled variation without interrupting the overall panel design. Its light palette suits bright corridors and guestrooms.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-06

Rovere

RFID READER | STAINED OAK

HT-06

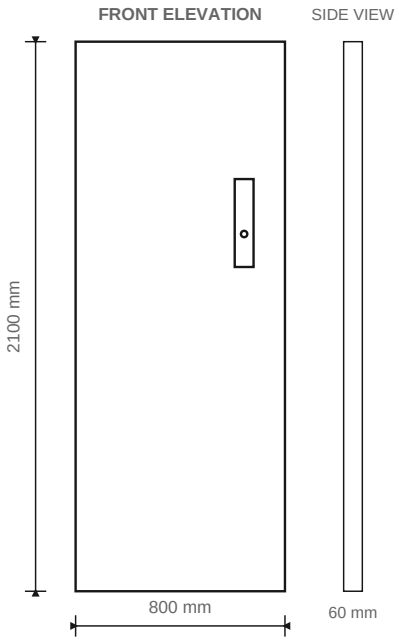
HT-06

Rovere

Rovere highlights stained oak with a surface articulated by vertical elements. The design adds depth and makes the door recognisable within a sequence of guestrooms. The hardware is coordinated with the hospitality composition.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-07

Essenza

VERTICAL RECESSED PULL | LIGHT ASH

HT-07

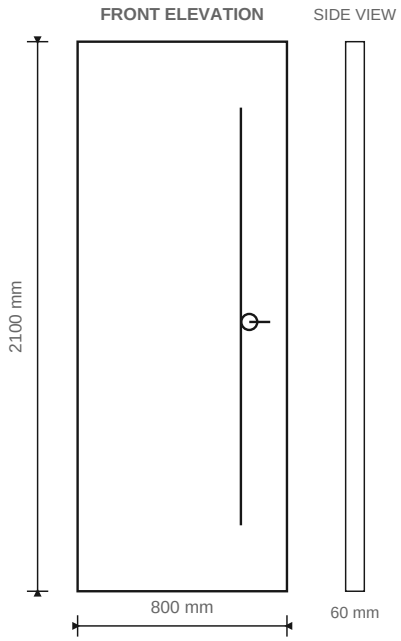
HT-07

Essenza

Essenza pairs light ash with a vertical recessed pull and a bronze detail. The grain and inset line create an orderly, material-led entrance for a guestroom. The panel and hardware remain clearly defined.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-08

Verde

DARK HARDWARE | DEEP GREEN

HT-08

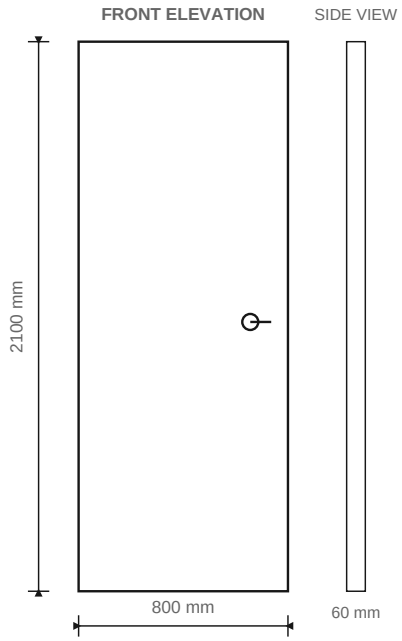
HT-08

Verde

Verde stands out with a deep-green lacquered finish and dark hardware. The panel has a continuous surface, allowing colour to become the main feature. It introduces a measured colour accent in hospitality spaces.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-09

Pietra

READER | STONE-EFFECT LACQUER

HT-09

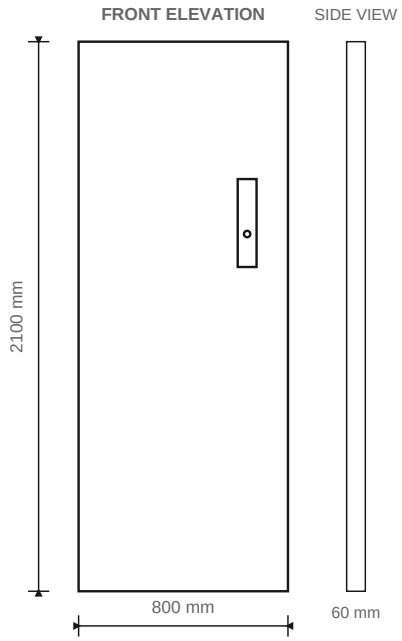
HT-09

Pietra

Pietra interprets a stone effect on a lacquered surface, paired with integrated access hardware. Its visual texture recalls mineral materials and works with neutral interior palettes. The panel retains a compact, clean composition.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm



HOSPITALITY DOORS / HT-10

Riga

HORIZONTAL INLAY | WALNUT

HT-10

HT-10

Riga

Riga pairs walnut with a horizontal bronze inlay. The metal line contrasts with the wood grain and organises the panel into balanced bands. The door gives the guestroom entrance a distinctive detail that belongs to the overall setting.

DIMENSIONS

W 800 mm x H 2100 mm / TH. 60 mm
